Dear Mr. Maller:

Since writing to you a few days ago and sending the ^{transliteration} Ms. of your four reports, I have received proofs of the 12 plates from the Heliotype Co. and as I think you would like to see the proofs I send them to you by this mail. You will notice that the plate (9) from our casts of stelae 8 & 9, Seibal, brings out the glyphs better than in your photographs, and that lower portion of stela 8 is
