UNIVERSITY MUSEUM.

Mr. Teobert Maler,
Merida, Yucatan

Not having heard from you for so long a time, and not having received any reply to my last letter or the corrected proof from you or any acknowledgment of the twelve copies of your Memoir sent to you so long ago, I begin to fear that you are sick. I hope you are not, but if you are I beg of you to send me word. If you are well please do send the map and plans for your Memoir on Tikal. We have been waiting all this time for the map and plans and of course this is causing just so much delay in the printing of the Memoir. Do send these on and let me know how you are.
